Night Vision (Thermal / IR) & Range Finders

Mobile Thermal Camera

MTC system is the perfect choice for upgrading VIP protection or observation vehicles with thermal capabilities.

The camera has magnetic holders and can be fixed within one minute on top of the car.

The operational distance is up to 450m. The camera case is fully waterproof, has a 360° rotation and is operated via a joystick board.

The system comes with 2 integrated cameras - thermal and daylight. Therefore the camera can be used as a standard CCTV system.

Night Vision

ASME is acting as an official reseller of high-end night vision devices manufactured in Switzerland.

We can deliver devices with Gen III+, XD4 up to XR5 tubes.

Range Finder

The range finder includes all the essential day/night viewing, measuring and geo-location functions in a most compact and user-friendly package. It measures range, azimuth and vertical angle.

In addition, it incorporates the latest image intensifier technology for night time viewing.

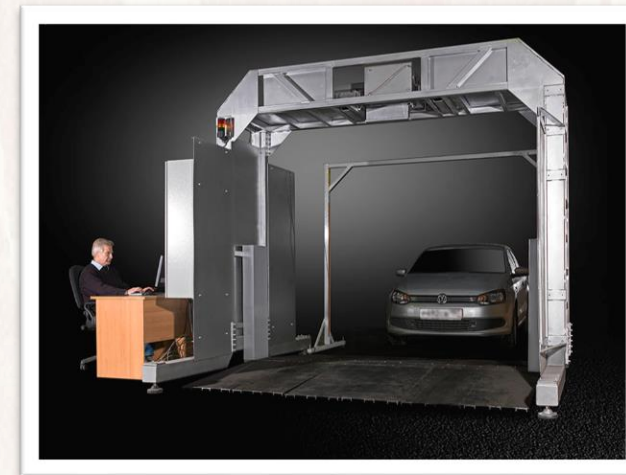

Hard Set X-RAY Inspection Systems

X-ray Inspection Systems for applications as follow:

1. Inspection of loaded trucks and other automotive transport, containers at sea ports, airports and border inspections post.
2. Inspection of loaded railway wagons at a speed up to 70 km/h.
3. Inspection of loaded trucks and other automotive transport, containers at sea ports, airports and border inspections post.
4. Inspection of loaded trucks and other automotive transport, containers at sea ports, airports and border inspections post.

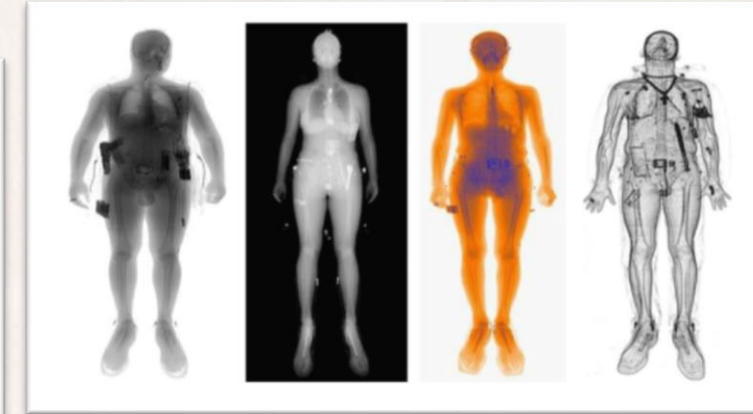

Inspection Systems

ADVANCED SOLUTIONS
MIDDLE EAST FZE

Personal Inspection Systems

1. Radio-Metal Detectors
2. Full Body X-ray Inspection System
3. Full Body Inspection System
4. X-Ray Systems for Cargo and Hand Luggage

Mobile and Hidden X-Ray Systems

1. Portable X-Ray Inspection Complexes
2. Two Sided Full Body X-Ray Inspection System
3. Mobile X-Ray Complexes

Lockers of Radio-Controlled Explosive Devices

The key focus is to provide maximum protection with the lowest weight. We can offer you exactly what you need to fulfil any mission. Just select a carrier type and inserts of required area and protection level starting from handguns up to machine gun. Management consulting is the practice of helping organizations to improve their performance, operating primarily through the analysis of existing organizational problems and the development of plans for improvement. Organizations may draw upon the services of management consultants for a number of reasons, including gaining external (and presumably objective) advice and access to the consultants' specialized expertise.

Advanced Solutions Middle East offers the following consulting services:

- Strategy
- Sales & Marketing
- Operation & Organization
- Manufacturing & Quality
- Supply Chain
- R&D Excellence
